

⚡ NEXT-GENERATION MEDICAL SOFTWARE

MedPlus ERP

A fully integrated, physician-first digital platform designed to streamline hospital operations. From high-speed OPD triage and intelligent EMR charting, to complex surgical planning and automated IPD billing—experience seamless clinical care without the administrative friction.

8 Core Modules. 1 Unified System.

This presentation contains an exhaustive visual walkthrough of MedPlus ERP. In the following 35 slides, you will explore a revolutionary approach to medical software, meticulously designed by clinicians, for clinicians.

Blood Group Logging

TRANSFUSION SAFETY

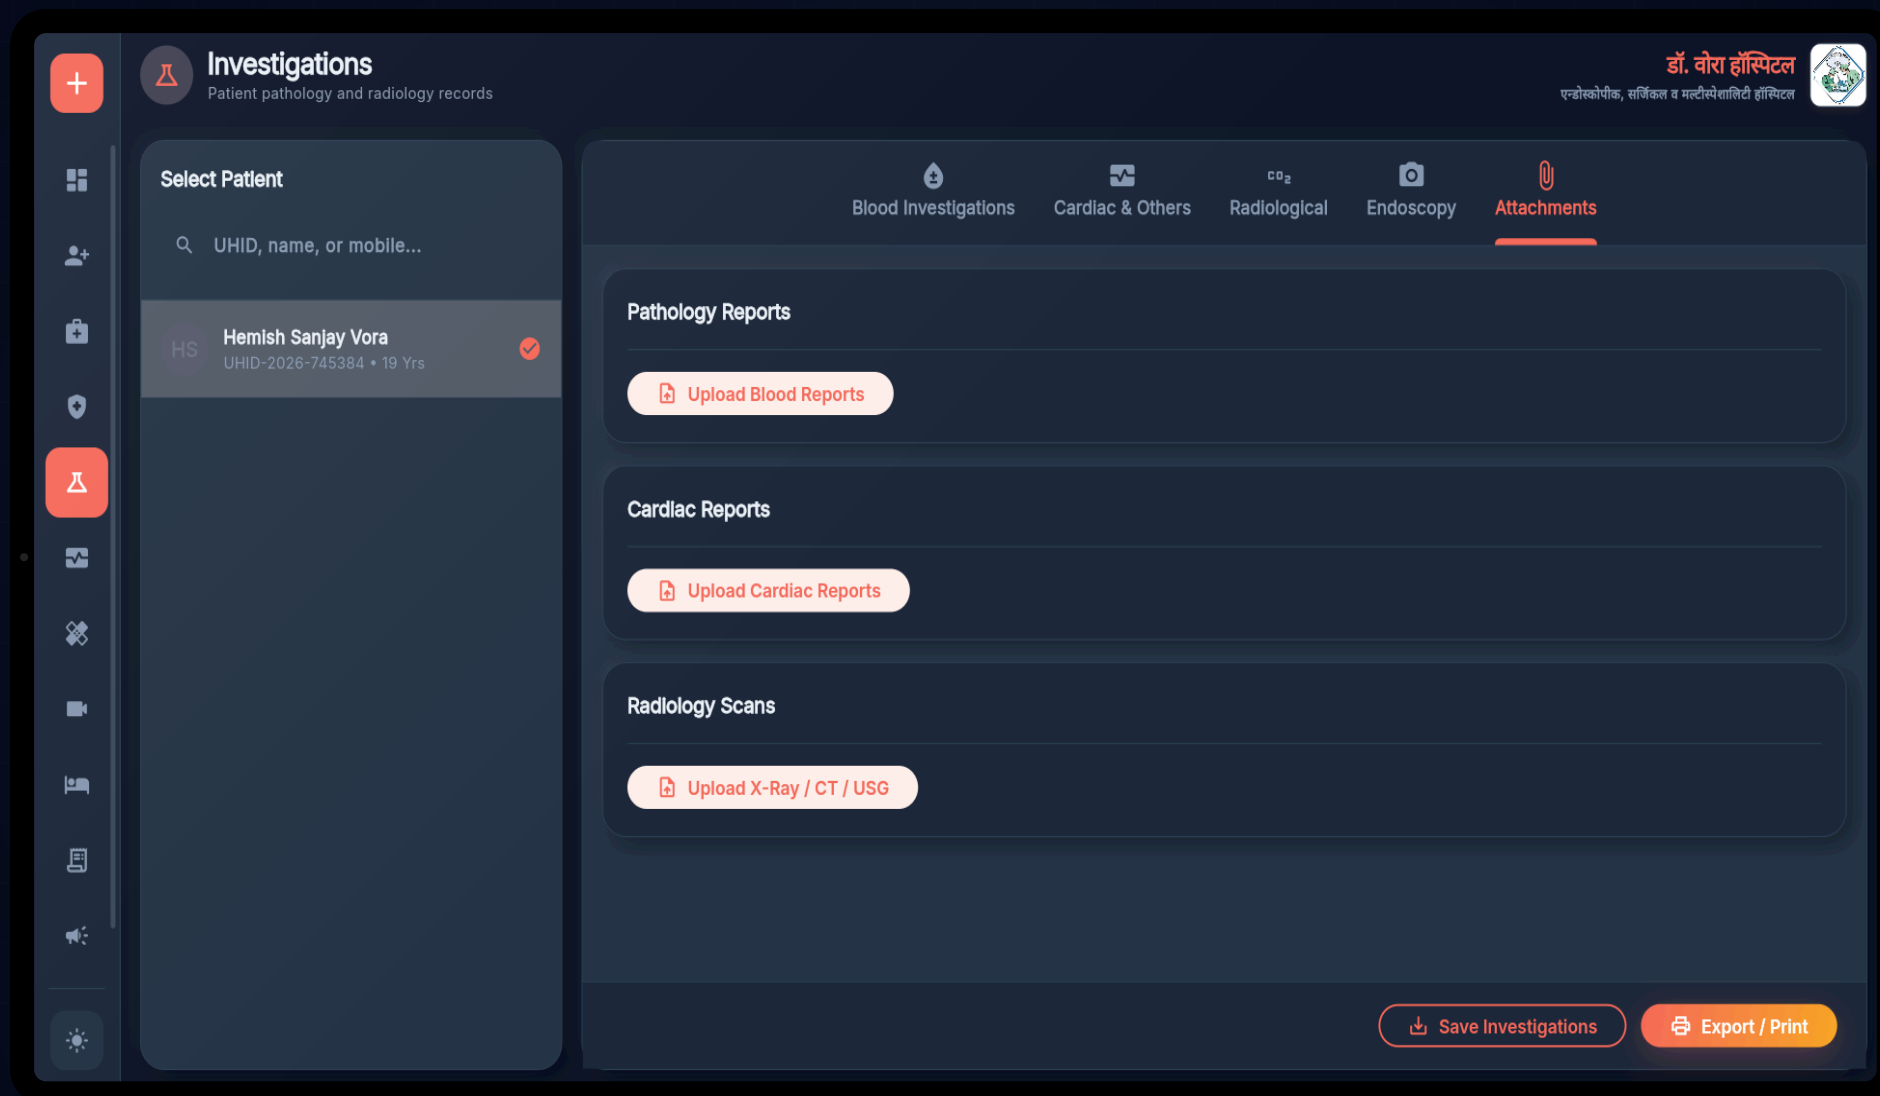

The lab instantly registers Blood Group and Rh factor, ensuring cross-matching data is available globally across the hospital in case of emergency.

[illegible]

Instant Abnormal Alerts

When reviewing CBC reports, the system automatically highlights out-of-range values in bright red, helping doctors catch issues like low Hemoglobin instantly.

DigitalLetterhead

Zero Missed Charges

The system sweeps the entire hospital for unbilled items. It automatically adds charges for every ward day and OT minute, ensuring no revenue is lost.

The image shows a digital letterhead layout for "DR VORA HOSPITAL". The header includes the hospital name, address ("OPP. OLD Z.P. AKOLA NAKA, WASHIM - 444505 MAHARASTRA, India"), and email ("Email : drvorahospital@gmail.com"). Below this is a section titled "BILL" containing patient information: Patient Name (PREVIEW), Address, Status (Admitted), Doctor (DR SANJAY VORA), DOA, DOD, Bill No, Date (05/08/2026), Refer By (Self), Bed No, and Bed Category (SP ROOM NON/AC). A table follows, listing services and charges with columns for Description, Qty./Days, Rate (Rs), and Amount (Rs). The items include Special Room Charges, Nursing Charges, Doctor Visit Charges, Surgery Charges, Assistant Charges, Major OT, Anaesthesia Charges, ICU, Pharmacy / Consumables, and Lab Investigations. At the bottom, it states "Amount In Words: Fifty Seven Thousand Five Hundred Rupees Only" and "Total (Rs) : 57500.00". The background shows a blurred interface of a medical billing system with various icons and buttons like "Print", "New Bill", "CheckOut Summary", "Save Draft", and "FINALIZE BILL".

Deploy Anywhere. Zero Friction.
